First Aid Kits Introduction :

First aid kit can be defined as a collection of supplies and equipment for use in giving first aid or to sustain a life till ambulance / professional help arrives.

The supplies are neatly assembled in a bag / box or any other container so that these are easily accessible during emergencies. The first aid kit is usually marked with a green cross & is kept in an easily visible & accessible location.

First aid kits are available for various applications & range from a simple INR 100 kit to specialized kits that can be priced around INR 1, 50,000 or more.

St Johns First aid in consultation with expert first aiders, pharmacists & doctors has customised a few kits ranging from INR 100 to INR10000 which are illustrated overleaf. We can further customize kits based on your requirements.
